Justin Guerrero is alleged to have violated the following conditions of pretrial release:

Special Condition: *The defendant shall refrain from use or unlawful possession of a narcotic drug or other controlled substances defined in 21 U.S.C. 902, unless prescribed by a licensed medical practitioner.* On January 26, 28, and 30, 2006, Justin Guerrero reported for random urinalysis and tested presumptive positive for the use of marijuana. At each test, he denied any drug use and the urine specimens were forwarded to Scientific Testing Laboratories for confirmation testing. Results returned indicated that the urine samples provided by the defendant were abnormal. Upon requesting further clarification on the results, the Laboratory reported that components of the defendant's urine indicated that the samples were diluted. Diluting one's urine sample (usually achieved by consuming excessive quantities of water prior to a drug test) is a practice by drug using offenders in an attempt to "wash-out" illegal substances from their urine, thereby evading drug use detection. According to the laboratory, diluted samples can be avoided by instructing those tested not to consume any liquids three hours prior a drug test.

On March 2, 2006, Mr. Guerrero reported to the probation office for a compliance meeting to address the drug test results outlined above. He assured no drug use and denied any attempt at diluting. The defendant was instructed not to consume any liquids three hours prior to any scheduled drug tests and that further tests will be monitored.

On March 7, 2006, Mr. Guerrero was drug tested at the U.S. Probation Office. As previously instructed, he consumed no liquids three hours prior to the test. The test yielded presumptive positive results for the use of marijuana. As he denied any illicit drug use, the sample was forwarded to Scientific Testing Laboratories for further analysis. Results returned from the laboratory confirmed the use of marijuana.

Supervision Compliance: Except as outlined above, Mr. Guerrero has complied with his conditions of supervision.

Recommendation: This officer requests, pursuant to 18 U.S.C. §3148, that this matter be scheduled for a hearing and a summons and/or writ of habeas corpus be issued for the defendant's appearance at that hearing to determine if bail should be revoked or why conditions of release should not be modified, or for any other matter for which the Court may deem just and proper.

It is the recommendation of this Officer that Justin Guerrero's pretrial release be revoked, pursuant to 18 U.S.C. §3148, for his continued drug use, his multiple attempts to conceal his drug use through dilution, and his failures to be truthful to the Court about his drug use.
